

# PSI Assignment 4 Report

Made by Pair 5 at Group 1451:

We have deployed our web page on Heroku at <https://joakpablofinal.herokuapp.com/>

You can check that all the test pass successfully. You will need to export our private key, to do that use:  
`export LABASSIGN_SECRET_KEY='99d7zs$#tc9fto1qc%(9#c8&e*%td9=t$a7d8@1rh6h3a(pbq&'`

This is the result of the test coverage before additional\_p4 tests as you can see we get a 98% coverage but the forms.py only get a 98% coverage.

```
(venv_psi) labassign$ coverage report -m -i
